

## Call Setup Allowed in

- 1) Fairwater Only – NON S5 Billing Party and NON S5 Responsible Party. This is the Default Setting.
- 2) Simply5 Only – S5 Billing Party and S5 Responsible Party. PDA/FDA sync to Simply5 system.
- 3) Either – Allows for NON S5 Billing Party and S5 Responsible Party to be created in Simply5 and synced to Fairwater. PDA/FDA do not sync to Simply5 system due to Billing Party not being flagged as S5 Client.

The screenshot displays a configuration interface titled "OTHER SETTINGS" with a dropdown arrow on the right. The interface is divided into two columns. The left column lists settings, and the right column contains the corresponding input fields. A red rectangular box highlights the "Call Setup Allowed In" setting and its dropdown menu, which currently displays "Fairwater Only". Below this, other settings include "Financial Hubbing Group" (set to "DADesk - DA Desk"), "Call Type" (set to "FWA"), "S5 XRef Princ Code" (set to "S5 XRef Princ Code"), and "IMOS Company Name" (set to "IMOS Company Name"). At the bottom, there are two unchecked checkboxes: "Is S5 Client" and "Special Template Required".

| OTHER SETTINGS                                     |                    |
|----------------------------------------------------|--------------------|
| Call Setup Allowed In                              | Fairwater Only     |
| Financial Hubbing Group                            | DADesk - DA Desk   |
| Call Type                                          | FWA                |
| S5 XRef Princ Code                                 | S5 XRef Princ Code |
| IMOS Company Name                                  | IMOS Company Name  |
| <input type="checkbox"/> Is S5 Client              |                    |
| <input type="checkbox"/> Special Template Required |                    |
